ShadeTech® PB Panel Blind Systems

By Waverley

Detailed description

Panel blinds are designed to provide a minimalistic, easy to use shading and privacy system for large glazed areas or as a room divider. The simple and robust design coupled with endless fabric options, gives the designer ultimate flexibility. Available in hand or cord operated manual options.

Features/ Benefits:

- Peace of mind - five year hardware warranty and minimal maintenance.
- Slimline headrail takes up very little space.
- Large areas can be covered with a single blind.
- Choice of two, three, four or five channel track.
- Safe by design - meets BS EN 13120 child safety requirements (hand operated).

Manufactured and installed in accordance with a quality system certified under BS EN ISO 9001: 2009.

Options

Size (maximum, w x drop):

5000 x 6000 mm, 1300 mm maximum individual panel width, 100 mm minimum overlap between panels.

Fixing:

For ceiling (top) fixing.
